

Brigance Pre-School Screen II Procedures & Re-screen Procedures

The Brigance Pre-School Screen II will be administered within the child's first 30 days of entering the program.

Brigance Procedures:

- Complete all the information at the top of the screening form. Be sure to use the correct date of the day you administered the screening.
- Complete the screen and document the results on the form.
- Add the scores and place in the "total" box. *Double check your math for accuracy.
- Fill out section D (Observations).
- Place one copy into the child's folder in the disability/mental health section.
- Send one copy to the Special Services Manager.
- The third copy will be used at the parent-teacher conference and be given to the parent. *Use the cut-off guide to show the parents where their child falls for their age level.

Re-Screen Procedures:

***All children who have scored below the cut-off will be re-screened in 4 weeks from the date of the original screening. Follow the procedures listed above. If the child still falls below the cut-off for their age or there is a teacher or parent concern, a referral will be made.
